**Census Tract Detail - Technologies except Terrestrial Mobile Wireless**

If you reported broadband connections in Part I.A in a technology category other than Terrestrial Mobile Wireless, you must specify the technology category, identify the Census Tracts in this state in which you had connections in service using that technology, and, for each Census Tract, report the number of connections and the percentage residential in each relevant download/upload information transfer rate combination.

You can use the [American Factfinder](#) to look up 2010 Census Tract numbers for street addresses.
